

Two seas Two days One vision

We are pleased to invite you to MARKIS yearly conference on:

SUSTAINABLE MARITIME TRANSPORT IN THE TWO SEAS, SKAGERRAK & KATTEGAT

– explore the challenges and discover the business opportunities in greener shipping

November 30 – December 1, 2011

Bohusgården Hotel & Conference, Uddevalla, Sweden

- The MARKIS annual conference is a yearly meeting place for all maritime stakeholders: businesses, research & education institutions, cluster organisations and public authorities
- Meet possible cooperation partners in the Triple Helix (above) to build partnerships, networks and projects that will generate innovative solutions for meeting our common vision: **to reduce shipping's environmental impact and strengthen green growth and competitiveness in Scandinavian maritime clusters**
- You will acquire new knowledge, contacts and partners useful for product, service and organisational innovation and marketing at low cost

Matchmaking through speed meetings is an important element of the conference. A total of 14 speed meetings can be booked with other participants before or during the conference.
