Generelle betingelser

The Organizers' provision of services is conditional on not being delayed or prevented by force majeure, including but not limited to war, lockout, strikes, civil commotion, natural disasters or other circumstances beyond our control. If an export promotion event is cancelled on one or more of the above grounds, the companies registered are under the obligation to pay their share of costs already defrayed during preparation, and not covered by co-financing via export promotion funds.

By returning this binding registration form, the company commits itself to paying the cost indicated for participating in the event. Thus the Organizers have a claim on the price agreed regardless of whether the company subsequently cancels or reduces its participation. All calculations are based on a minimum number of participants. Should this minimum number of participants not register, the Organizers reserve the right to cancel the event. In cases of co-financed promotion, the company's registration is conditional on whether co-financing is granted.

Unless otherwise agreed, invoices will be issued as follows: 1) 100% after binding registration, 2) any extra services agreed upon are invoiced after termination of the event. If the invoice for participation is not paid in due course, the Organizers reserves the right to consider the agreement repudiated.

In the event that the representation material sent out by the Organizers indicates that co-financing will be applied for, participating companies are obligated to provide the necessary documentation and other information relevant to co-financing. The participating companies have the responsibility to draw up insurance for their own employees and goods, exhibition and information materials, covering damage incurred in transit or during the event.
